

Skier triggered slide in Lone Mountain backcountry

Date

Thu, 02/02/2023 - 16:40

Big Sky Ski Patrol reported a skier triggered avalanche in "The Mullet" in the backcountry outside the ski resort boundaries. One skier was reportedly caught and carried by the [slide](#). The initial skier triggered [slide](#) also triggered another avalanche in the adjacent "Rattail" [avalanche path](#). Details are second hand and specifics could not be confirmed due to low visibility.
