Snowmobiler triggered avalanches in Taylor Fork

Taylor Fork Southern Madison 2/21/2025 Code HS-AMr-R2-D2-O Elevation 9000 Aspect SW Latitude 44.93300 Longitude -111.32400 Notes

From IG message: "We remotely triggered this hillside in Taylor's fork yesterday [2/21] from the Ridgeline above it. We were looking for a safe spot to drop down when it released below us. Circled around for some pictures. The snow was pretty shallow, only 2-3 feet deep, and slid to the ground. South facing slope"
